EXERCISE

Q1 Which of the following software is used for creating professional documents?
(a) Microsoft Word (b) Microsoft Excel (c) Microsoft Access (d) Microsoft PowerPoint

Q2 Name of the following set of keys Ctrl+C, Ctrl+X, Ctrl+V?
(a) Cut, Copy, Paste (b) Copy, Cut, Paste
(c) Paste, Copy, Cut (d) Cut, Paste, Copy

Q3 Which of the following is not a valid way to open a new document in MS Word?
(a) Ctrl+N (b) Ctrl+O (c) Ctrl+W (d) Ctrl+Shift+N

Q4 Which of the following is not correct for creating a table in MS Word?
(a) Insert → Table (b) Table → Insert Table
(c) Table → Draw Table (d) Insert → Table

Q5 Which of the following is not correct for creating a bullet list in MS Word?
(a) Home → Bullets (b) Insert → Bullets
(c) Format → Bullets and Numbering (d) Home → Bullets and Numbering

Q6 Which of the following is not correct for creating a numbered list in MS Word?
(a) Home → Numbering (b) Insert → Numbering
(c) Format → Bullets and Numbering (d) Home → Bullets and Numbering

Q7 Which of the following Shortcut key is used for making text bold?
(a) Ctrl+B (b) Ctrl+I (c) Ctrl+U (d) Ctrl+Shift+B

Q8 Name of the following shortcuts? Ctrl+Z, Ctrl+Y, Ctrl+A, Ctrl+F, Ctrl+H?
(a) Undo, Redo, Select All, Find, Replace
(b) Redo, Undo, Select All, Find, Replace
(c) Undo, Redo, Select All, Replace, Find
(d) Undo, Redo, Select All, Find, Replace

Q9 Which of the following Shortcut key is used for saving a document?
(a) Ctrl+S (b) Ctrl+O (c) Ctrl+P (d) Ctrl+Shift+S

Q10 Name of the following shortcuts? Ctrl+P, Ctrl+O, Ctrl+S, Ctrl+Shift+S?
(a) Print, Open, Save, Save As (b) Print, Open, Save As, Save
(c) Open, Print, Save, Save As (d) Print, Open, Save, Save As

Q11 Which of the following is not a valid way to open a new document in MS Word?
(a) Ctrl+N (b) Ctrl+O (c) Ctrl+W (d) Ctrl+Shift+N

Q12 Which of the following is not correct for creating a table in MS Word?
(a) Insert → Table (b) Table → Insert Table
(c) Table → Draw Table (d) Insert → Table

Q13 Which of the following is not correct for creating a bullet list in MS Word?
(a) Home → Bullets (b) Insert → Bullets
(c) Format → Bullets and Numbering (d) Home → Bullets and Numbering

Q14 Which of the following is not correct for creating a numbered list in MS Word?
(a) Home → Numbering (b) Insert → Numbering
(c) Format → Bullets and Numbering (d) Home → Bullets and Numbering

Q15 Which of the following Shortcut key is used for making text bold?
(a) Ctrl+B (b) Ctrl+I (c) Ctrl+U (d) Ctrl+Shift+B

Q16 Name of the following shortcuts? Ctrl+Z, Ctrl+Y, Ctrl+A, Ctrl+F, Ctrl+H?
(a) Undo, Redo, Select All, Find, Replace
(b) Redo, Undo, Select All, Find, Replace
(c) Undo, Redo, Select All, Replace, Find
(d) Undo, Redo, Select All, Find, Replace

Q17 Which of the following Shortcut key is used for saving a document?
(a) Ctrl+S (b) Ctrl+O (c) Ctrl+P (d) Ctrl+Shift+S

Q18 Name of the following shortcuts? Ctrl+P, Ctrl+O, Ctrl+S, Ctrl+Shift+S?
(a) Print, Open, Save, Save As (b) Print, Open, Save As, Save
(c) Open, Print, Save, Save As (d) Print, Open, Save, Save As

Q1 What is the purpose of the Windows operating system?
Ans (a) It is a word processor that helps you type documents.
(b) It is a software that helps you to run other software and manage your computer.
(c) It is a tool for editing photos.
(d) It is a game that you can play on your computer.

Q2 Which of the following is not a function of an operating system?
Ans (a) Managing files and folders
(b) Managing hardware devices
(c) Managing software applications
(d) Managing your personal finances

Q3 What is the difference between a desktop and a laptop computer?
Ans (a) A desktop computer is more powerful than a laptop computer.
(b) A desktop computer is smaller than a laptop computer.
(c) A desktop computer is designed to be used in one location, while a laptop computer is designed to be portable.
(d) A desktop computer has a touchscreen, while a laptop computer does not.

Q4 What is the purpose of the Control Panel in Windows?
Ans (a) To change the desktop background
(b) To customize the appearance and behavior of Windows
(c) To install new software
(d) To access the Internet

Q5 What is the purpose of the Start menu in Windows?
Ans (a) To shut down the computer
(b) To access the Control Panel
(c) To launch programs and access other features of Windows
(d) To change the desktop background

Q6 What is the purpose of the taskbar in Windows?
Ans (a) To display the time and date
(b) To switch between open windows
(c) To launch programs
(d) To change the desktop background

Q7 What is the purpose of the Recycle Bin in Windows?
Ans (a) To store deleted files and folders
(b) To empty the trash
(c) To recover deleted files and folders
(d) To change the desktop background

Q8 What is the purpose of the File Explorer in Windows?
Ans (a) To browse and manage files and folders on your computer
(b) To change the desktop background
(c) To install new software
(d) To access the Internet

Q9 What is the purpose of the Task Manager in Windows?
Ans (a) To view and manage running processes and applications
(b) To change the desktop background
(c) To install new software
(d) To access the Internet

Q10 What is the purpose of the Windows Update feature?
Ans (a) To update the operating system and other software on your computer
(b) To change the desktop background
(c) To install new software
(d) To access the Internet

Q1 What is the purpose of a word processor?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To create and edit databases

Q2 What is the difference between a word processor and a text editor?
Ans (a) A word processor is more powerful than a text editor.
(b) A text editor is more powerful than a word processor.
(c) A word processor is designed for creating and formatting documents, while a text editor is designed for editing plain text.
(d) A word processor is designed for creating and editing plain text, while a text editor is designed for creating and formatting documents.

Q3 What is the purpose of the ribbon in a word processor?
Ans (a) To provide access to commands and tools
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the Quick Access Toolbar in a word processor?
Ans (a) To provide access to commonly used commands
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the File tab in a word processor?
Ans (a) To provide access to commands for opening, saving, and printing documents
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the Home tab in a word processor?
Ans (a) To provide access to commands for formatting text and paragraphs
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the Insert tab in a word processor?
Ans (a) To provide access to commands for inserting objects such as tables, images, and shapes
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the Page Layout tab in a word processor?
Ans (a) To provide access to commands for setting page margins, orientation, and size
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the References tab in a word processor?
Ans (a) To provide access to commands for inserting citations, bibliographies, and footnotes
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the Review tab in a word processor?
Ans (a) To provide access to commands for reviewing and editing documents
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q1 What is the purpose of a spreadsheet?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To create and edit databases

Q2 What is the difference between a spreadsheet and a word processor?
Ans (a) A spreadsheet is more powerful than a word processor.
(b) A word processor is more powerful than a spreadsheet.
(c) A spreadsheet is designed for working with numbers and data, while a word processor is designed for creating and formatting documents.
(d) A spreadsheet is designed for creating and formatting documents, while a word processor is designed for working with numbers and data.

Q3 What is the purpose of the ribbon in a spreadsheet?
Ans (a) To provide access to commands and tools
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the Quick Access Toolbar in a spreadsheet?
Ans (a) To provide access to commonly used commands
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the File tab in a spreadsheet?
Ans (a) To provide access to commands for opening, saving, and printing documents
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the Home tab in a spreadsheet?
Ans (a) To provide access to commands for formatting cells and data
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the Insert tab in a spreadsheet?
Ans (a) To provide access to commands for inserting objects such as tables, charts, and shapes
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the Page Layout tab in a spreadsheet?
Ans (a) To provide access to commands for setting page margins, orientation, and size
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the Formulas tab in a spreadsheet?
Ans (a) To provide access to commands for creating and editing formulas
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the Data tab in a spreadsheet?
Ans (a) To provide access to commands for importing, exporting, and analyzing data
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q1 What is the purpose of a presentation software?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To create and edit databases

Q2 What is the difference between a presentation software and a word processor?
Ans (a) A presentation software is more powerful than a word processor.
(b) A word processor is more powerful than a presentation software.
(c) A presentation software is designed for creating and delivering presentations, while a word processor is designed for creating and formatting documents.
(d) A presentation software is designed for creating and formatting documents, while a word processor is designed for creating and delivering presentations.

Q3 What is the purpose of the ribbon in a presentation software?
Ans (a) To provide access to commands and tools
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the Quick Access Toolbar in a presentation software?
Ans (a) To provide access to commonly used commands
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the File tab in a presentation software?
Ans (a) To provide access to commands for opening, saving, and printing documents
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the Home tab in a presentation software?
Ans (a) To provide access to commands for formatting text and paragraphs
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the Insert tab in a presentation software?
Ans (a) To provide access to commands for inserting objects such as tables, images, and shapes
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the Design tab in a presentation software?
Ans (a) To provide access to commands for changing the overall design of the presentation
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the Transitions tab in a presentation software?
Ans (a) To provide access to commands for adding transitions between slides
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the Animations tab in a presentation software?
Ans (a) To provide access to commands for adding animations to objects on slides
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q1 What is the purpose of a database software?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To create and edit databases

Q2 What is the difference between a database software and a spreadsheet?
Ans (a) A database software is more powerful than a spreadsheet.
(b) A spreadsheet is more powerful than a database software.
(c) A database software is designed for storing and managing large amounts of data, while a spreadsheet is designed for working with numbers and data.
(d) A database software is designed for working with numbers and data, while a spreadsheet is designed for storing and managing large amounts of data.

Q3 What is the purpose of the ribbon in a database software?
Ans (a) To provide access to commands and tools
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the Quick Access Toolbar in a database software?
Ans (a) To provide access to commonly used commands
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the File tab in a database software?
Ans (a) To provide access to commands for opening, saving, and printing documents
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the Home tab in a database software?
Ans (a) To provide access to commands for formatting text and paragraphs
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the Create tab in a database software?
Ans (a) To provide access to commands for creating new tables, forms, and reports
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the External Data tab in a database software?
Ans (a) To provide access to commands for importing and exporting data
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the Database Tools tab in a database software?
Ans (a) To provide access to commands for managing and maintaining the database
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the Table Tools tab in a database software?
Ans (a) To provide access to commands for working with tables
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q1 What is the purpose of a web browser?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To access and view websites

Q2 What is the difference between a web browser and a search engine?
Ans (a) A web browser is more powerful than a search engine.
(b) A search engine is more powerful than a web browser.
(c) A web browser is designed for accessing and viewing websites, while a search engine is designed for searching the internet.
(d) A web browser is designed for searching the internet, while a search engine is designed for accessing and viewing websites.

Q3 What is the purpose of the address bar in a web browser?
Ans (a) To enter the URL of a website
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the back button in a web browser?
Ans (a) To go back to the previous page
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the forward button in a web browser?
Ans (a) To go forward to the next page
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the refresh button in a web browser?
Ans (a) To reload the current page
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the home button in a web browser?
Ans (a) To go to the home page
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the bookmarks feature in a web browser?
Ans (a) To save and organize favorite websites
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the history feature in a web browser?
Ans (a) To view and manage browsing history
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the settings feature in a web browser?
Ans (a) To customize the appearance and behavior of the web browser
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q1 What is the purpose of a search engine?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To search for and find information on the internet

Q2 What is the difference between a search engine and a web browser?
Ans (a) A search engine is more powerful than a web browser.
(b) A web browser is more powerful than a search engine.
(c) A search engine is designed for searching the internet, while a web browser is designed for accessing and viewing websites.
(d) A search engine is designed for accessing and viewing websites, while a web browser is designed for searching the internet.

Q3 What is the purpose of the search bar in a search engine?
Ans (a) To enter keywords or phrases to search for
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the search button in a search engine?
Ans (a) To initiate the search
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the results page in a search engine?
Ans (a) To display the search results
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the filters feature in a search engine?
Ans (a) To refine the search results
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the sorting feature in a search engine?
Ans (a) To sort the search results
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the advanced search feature in a search engine?
Ans (a) To provide more options for refining the search
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the search history feature in a search engine?
Ans (a) To view and manage search history
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the settings feature in a search engine?
Ans (a) To customize the appearance and behavior of the search engine
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q1 What is the purpose of a web browser?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To access and view websites

Q2 What is the difference between a web browser and a search engine?
Ans (a) A web browser is more powerful than a search engine.
(b) A search engine is more powerful than a web browser.
(c) A web browser is designed for accessing and viewing websites, while a search engine is designed for searching the internet.
(d) A web browser is designed for searching the internet, while a search engine is designed for accessing and viewing websites.

Q3 What is the purpose of the address bar in a web browser?
Ans (a) To enter the URL of a website
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the back button in a web browser?
Ans (a) To go back to the previous page
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the forward button in a web browser?
Ans (a) To go forward to the next page
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the refresh button in a web browser?
Ans (a) To reload the current page
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the home button in a web browser?
Ans (a) To go to the home page
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the bookmarks feature in a web browser?
Ans (a) To save and organize favorite websites
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the history feature in a web browser?
Ans (a) To view and manage browsing history
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the settings feature in a web browser?
Ans (a) To customize the appearance and behavior of the web browser
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q1 What is the purpose of a search engine?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To search for and find information on the internet

Q2 What is the difference between a search engine and a web browser?
Ans (a) A search engine is more powerful than a web browser.
(b) A web browser is more powerful than a search engine.
(c) A search engine is designed for searching the internet, while a web browser is designed for accessing and viewing websites.
(d) A search engine is designed for accessing and viewing websites, while a web browser is designed for searching the internet.

Q3 What is the purpose of the search bar in a search engine?
Ans (a) To enter keywords or phrases to search for
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the search button in a search engine?
Ans (a) To initiate the search
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the results page in a search engine?
Ans (a) To display the search results
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the filters feature in a search engine?
Ans (a) To refine the search results
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the sorting feature in a search engine?
Ans (a) To sort the search results
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the advanced search feature in a search engine?
Ans (a) To provide more options for refining the search
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the search history feature in a search engine?
Ans (a) To view and manage search history
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the settings feature in a search engine?
Ans (a) To customize the appearance and behavior of the search engine
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q1 What is the purpose of a word processor?
Ans (a) To create and edit documents
(b) To create and edit spreadsheets
(c) To create and edit presentations
(d) To create and edit databases

Q2 What is the difference between a word processor and a text editor?
Ans (a) A word processor is more powerful than a text editor.
(b) A text editor is more powerful than a word processor.
(c) A word processor is designed for creating and formatting documents, while a text editor is designed for editing plain text.
(d) A word processor is designed for creating and editing plain text, while a text editor is designed for creating and formatting documents.

Q3 What is the purpose of the ribbon in a word processor?
Ans (a) To provide access to commands and tools
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q4 What is the purpose of the Quick Access Toolbar in a word processor?
Ans (a) To provide access to commonly used commands
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q5 What is the purpose of the File tab in a word processor?
Ans (a) To provide access to commands for opening, saving, and printing documents
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q6 What is the purpose of the Home tab in a word processor?
Ans (a) To provide access to commands for formatting text and paragraphs
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q7 What is the purpose of the Insert tab in a word processor?
Ans (a) To provide access to commands for inserting objects such as tables, images, and shapes
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q8 What is the purpose of the Page Layout tab in a word processor?
Ans (a) To provide access to commands for setting page margins, orientation, and size
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q9 What is the purpose of the References tab in a word processor?
Ans (a) To provide access to commands for inserting citations, bibliographies, and footnotes
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus

Q10 What is the purpose of the Review tab in a word processor?
Ans (a) To provide access to commands for reviewing and editing documents
(b) To display the document
(c) To provide a spell checker
(d) To provide a thesaurus
